## ▲ PEEK AT OUR WEEK

### Reading: Character Study

Next week we begin our characters study. We will explore our favorite characters' inside and outside traits. We will examine how these traits help us as readers to predict and infer in the story.

### Writing: Biographies

We will finish our biography powerpoints and share them with our classmates. Look for the powerpoints to come home on a CD in the next couple of weeks. The kids are so proud of their work! AWESOME job by all!

### Math: How Many Tens? How many Ones?

Next week we finish this unit and take an assessment over the material we have learned so far. I'm impressed with our kids' ability to write their own CGI problems!! Ask your child about CGI! GREAT PROBLEM SOLVERS

### Science: Earth and Space

We look forward to beginning our study of the Sun, Moon and Stars. Another home matrix project will be coming home in March!

## Upcoming Events

March 2<sup>nd</sup> Interims posted to HAC

March 5<sup>th</sup>-Drake Planetarium Visits

March 8<sup>h</sup> and 9<sup>th</sup> - Inview Testing

March 12<sup>th</sup> -16<sup>th</sup> - TerraNova Testing

## NASA Kids Club

Visit this site to investigate NASA and explore Space through games and activities.

## notes from the teacher:

- \*\*Please be cognizant of the InView and Terranova test dates. We ask
- that you try to avoid scheduling any appointments in the mornings of
- those weeks. Also, it is imperative that your child arrive at school on
- time for the tests. Any tardy students will be held in the office and will
- have to make up the test with another teacher.
